

## ABOUT THE SEMINAR PROGRAM

The Center for OtoNeurology at St. Joseph's Hospital is proud to sponsor our 33rd Annual Neuro-Audiology Seminar. Our Center was established in 1977 and includes Audiology, Speech/Language Pathology, EEG, Vestibular/Balance Rehabilitation, and a Movement Disorders Program.

Our meetings have acquired unique popularity in that we not only emphasize practical clinical knowledge and feature a nationally recognized speaker but also incorporate the "Charm of Savannah" into our planned activities.

This year's seminar is designed for physicians, audiologists and physical therapists with a goal to improve skills in the assessment and management of patients with dizziness.

### COURSE OBJECTIVES:

At the completion of the seminar the participant will be able to:

1. Discuss techniques to improve quality and accuracy of VNG/ENG testing
2. Summarize patterns of abnormality on a variety of vestibular diagnostic tests and discuss implications for vestibular rehab
3. Recognize typical/atypical forms of BPPV and select the appropriate treatment maneuvers

## 33RD ANNUAL NEURO-AUDIOLOGY SEMINAR IN SAVANNAH, GEORGIA

### CONTEMPORARY CONCEPTS IN VESTIBULAR ASSESSMENT AND MANAGEMENT

## THE SEMINAR PROGRAM

**FRIDAY, APRIL 13, 2012**

**FACULTY: DEVIN MCCASLIN, PH.D.**

**Place:** St. Joseph's Hospital  
Sister M. Cornile Dulohery  
Meeting Rooms

8:00 am Bus leaves Hilton Hotel  
for St. Joseph's Hospital

8:30-8:45 **Welcome/Seminar Overview**

8:45-10:30 **Normal and Abnormal Physiology  
of the Vestibular System  
(compensation and decompensation)**

10:30-10:45 **BREAK**

10:45-12:15 **Technique and Interpretation  
of ENG/VNG**

- Pre-test instruction
- Recommended protocols-when to modify
- VNG in special populations (i.e. pediatric/elderly)
- Calibration and current standards

12:15-1:30 **LUNCH AND LEARN**  
Buffet lunch and equipment  
vendor demonstrations

1:30-3:15 **Assessment and Treatment of Benign  
Paroxysmal Positional Vertigo**

- Pathophysiology of BPPV
- Assessment and treatment of the different variants
- Counseling

3:15-3:30 **BREAK**

3:30-5:00 **Contemporary Concepts in Vestibular  
Evoked Myogenic Potentials**

- Background and history of VEMP
- Techniques and parameters to record
- Ocular and Cervical VEMPs
- Interpretation

5:15 Bus leaves St. Joseph's Hospital for  
Hilton Hotel

**Evening**

6:30 Meet in the **lobby** of the Hilton Hotel  
for walking tour and dinner at  
Paula Dean's Restaurant

*St. Joseph's/Candler wishes to take those steps required to ensure that individuals with disabilities are not excluded, denied services, segregated, or otherwise treated differently than others because of the absence of auxiliary aids and services. If you need any of the auxiliary aids or services identified in the Americans with Disabilities Act of 1990 in order to attend this event, please call OtoNeurology at 912-819-2479*

## SEMINAR FACULTY

**Devin L. McCaslin, Ph.D.** - Dr. McCaslin is an Associate Professor in the Department of Hearing and Speech Sciences at the Vanderbilt Bill Wilkerson Center at Vanderbilt University and is an Associate Director of the Division of Audiology. He received a Master's degree in Audiology from Wayne State University and a PhD in Hearing Science from The Ohio State University.

**Michael Zoller, MD, F.A.C.S.** - Dr. Zoller is the Otology Medical Director of the Center for OtoNeurology at St. Joseph's/Candler. He received his M.D. from Tulane University School of Medicine, trained in surgery at Washington University School of Medicine and completed his ENT residency at Harvard Medical School.

## EVENING ENJOYMENT

Savannah is known worldwide for her hospitality and historic beauty. Meet your guides in the lobby of the Hilton Hotel at 6:30pm. Our evening will begin with a walking tour through the beautiful squares of Savannah's Historic Landmark District. We will then proceed to The Lady and Sons Restaurant and Gift Shop for a private dinner. Paula Dean is a feature on the Food Network and one of the many icons that make Savannah a fabulous destination. This will be a relaxing and fun evening after a great day of learning!
